# SHERWOODCAMP: THE FIRST CLIMATECAMP IN ITALY!

## 15-18 MAY @ TORINO, ITALY

45°03'29N 7°41'18E – Parco del Valentino

From the 17th to the 20th of May the **G8 University Summit on Sustainability and Development** will be held in Torino, within the walls of the **Castle of the Valentino**.

50 rectors of the most powerful and rich universities (plus a few not-so-rich, in order to demonstrate their mighty kindness) will discuss upon the role that research and education should have in the economical growth and environmental development.

These are kind - though rusty - words: what is actually on the table is the possibility, for the **“upper class” universities**, to become the favored partner for the **G8 fundings**.

**IT IS A CHILLING POSSIBILITY THAT SOME MAY DECIDE, UPON THE TOTALITY OF THE STUDENTS, THAT THERE ARE “UPPER CLASS” AND “LOWER CLASS” UNIVERSITIES**

**IT IS A CHILLING WORLD ONE WHICH LOOKS FORWARD TO ECONOMICAL GROWTH AS A DOGMATIC PARADIGM TO PURSUE**

fp. corso Duca degli Abruzzi 24, 3/4/09

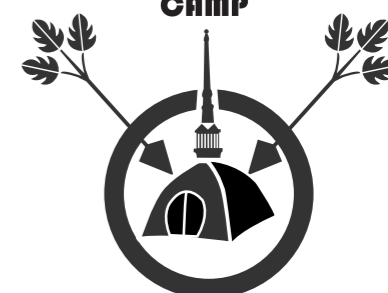

**BESUSTAINABLEDOSUSTAINABILITYPRACTICETHE ALTERNATIVE!**

**Join us at the SHERWOODCAMP!**

**WHAT TO BRING:**

**TURIN SHERWOOD CAMP**
